◆ WHAT IS LEADIQ

Turn conversations into *conversions* — automatically.

ACUVI LeadIQ is your website's AI digital sales team. It engages every visitor in a natural conversation, qualifies their intent in seconds, and routes the highest-value opportunities — group bookings, weddings, corporate events, promoter deals and ticketed shows — straight to the right producer.

Beyond a chatbot, LeadIQ is a virtual sales rep and orchestrator: it books meetings, re-engages cold inquiries, follows up automatically, and gives your team real-time visibility into pipeline health across every hotel, restaurant and music venue in your portfolio.

CONVERSATIONAL

Natural, on-brand Q&A that guides visitors to the right next step.

INTENT-AWARE

Scores every inquiry so high-value leads reach sales instantly.

ALWAYS-ON

24/7 capture across every channel your guests use — no lead left waiting.

INTEGRATED

Connects to your CRM and booking systems for one unified pipeline.

◆ WHY ACUVI LEADIQ

Four ways LeadIQ compounds — *every quarter.*

1

Lift Website Conversion

Turn "just browsing" into "book a site visit" — LeadIQ meets visitors at the moment of interest and guides them to a qualified next step.

2

Shorten Time-to-Quote

Smart intake collects the essentials up front — dates, guest count, food and beverage needs — so proposals go out in hours, not days.

3

Qualify & Route in Real Time

Score intent and instantly route the top leads to the right producer — with full context, so the first reply already fits.

4

Automate the Follow-Up

Re-engage cold leads, send reminders, and never miss a callback — LeadIQ keeps every opportunity warm on autopilot.

A 200-person wedding inquiry arrives at 11pm — qualified, scored, and on your General Manager's desk before morning coffee.

— THE LEADIQ PROMISE
